TOP VIEW

Set up your PlayStation game console according to the instructions in its Instruction Manual. Make sure the PlayStation power is off before inserting or removing a compact disc. Insert the **INTERNATIONAL SUPERSTAR SOCCER PRO™** disc and close the Disc Cover. Insert game controllers and turn on the PlayStation game console. Follow on-screen instructions to start a game.

THE BASIC RULES

FIELD

The pitch lay out is as follows,

The rules of the game are as follows,

MATCH TIME

Matches are played in times of 5,10 or 15 minute increments.

International cup and international league games are played as 20 minute matches.

EXTRA TIME

If a match is drawn in Exhibition or a Knockout competition, then the game will go into extra time.

If the game remains unresolved at the end of extra time, the match will be decided by a penalty shoot-out!

If a match is drawn in the International League or International Cup league games then 1 point is awarded for a draw.

REFEREE DECISIONS

A player is sent off after two yellow cards or one red card .

In International cup and International League, if a specific player gets a total of three yellow cards in three separate matches, then he is disqualified.

GAME MODES

When the Title screen appears, press the start button on controller one to enter the Mode select screen.

When making your selection, highlight the option you require by pushing up or down on the directional buttons.

EXHIBITION MODE

(1P vs C.P.U, 1P vs 2P, 1P-2P vs C.P.U or C.P.U vs C.P.U)

Play an exhibition match against the C.P.U or against a friend using an optional second controller.

This mode will also allow you to watch a C.P.U vs C.P.U match.

INTERNATIONAL LEAGUE

(One player only)

Select this option to participate in an international league.

If you have an optional memory card, you can save your match position.

INTERNATIONAL CUP

(One player only)

Select this option to participate in the international cup championship.

If you have an optional memory card, you can save your match position.

This option consists of 8 groups with 4 teams in each group. Each group is played like a league and the top two teams from each group go into the knockout competition.

GAME MODES

PK. PENALTY KICK

(1P vs C.P.U; 1P vs 2P, C.P.U vs C.P.U).

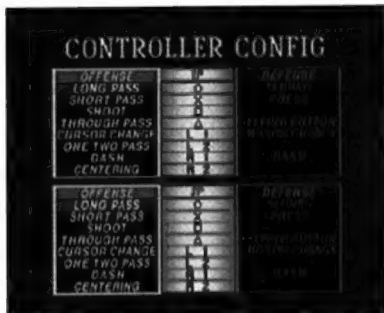

Select this option to practise P.K. (Penalty Kicks).

You can play against the C.P.U or a friend, alternatively you can watch the computer battle it out.

CONTROLLER CONFIG.

(1P vs C.P.U, 1P vs 2P.)

This gives an outline of the buttons used for various moves within the game. You can also change the button settings on your controller.

SET UP

STRATEGY

Change your teams strategy by using the L2 and R2 buttons. The team strategies are as follows:

No strategy	Teams play as normal
All offence	Teams play offensively
All defence	Teams play defensively
Centre attack	Teams attack down the centre
Side attack	Teams attack down the wings
Zone press	Man to man marking
Counter attack	Teams attack after defending
Overlap	Team plays for a numerical advantage over the opponent
Offside trap	When opposing team is in your half, your team pushes forward.

NOTE: Once you have selected a strategy it will not come into effect until you press the select button during a match. A match strategy will appear above your player name. Press the select button again to disable.

SUBSTITUTIONS

You can also substitute players by highlighting the relevant player and pressing the  button which will cause the players name to flash, then move the cursor down to the player that you wish to substitute and press  again.

PLAYER FITNESS

super fit - red	very fit - orange	normal - yellow	slightly unfit - blue	very unfit - Grey
				

SAVING AND LOADING DATA

When playing the international cup and international league modes, you can save your position using the optional memory card. This option is presented at the end of the match, simply select yes to save and no to disregard.

When you select the international cup and international league modes, you will be able to load previously saved games. Highlight load data and select your saved game.

During play, do not remove or insert the Memory card. Unless the Memory card is inserted in the console, you won't be able to save or load data. So, make sure that the card is inserted before you start the game.

It is advised that you do not insert or remove peripherals or Memory cards once the power has been turned on.

Make sure there are enough free blocks on your Memory card before commencing play.
